It appears that there is some discussion taking place amongst a few of a certain class of rate-payers anent the fire fighting appliances owned by the town and the need of better apparatus. It is not so many years ago since by-laws were put before the ratepayers asking them to give the Council power to borrow enough money to instal a bigger fire fighting apparatus and to instal tanks all over town, but the penny wise and pound foolish idea that we should not incur a debt amounting to about \$8,000 for this purpose prevailed with the consequence that the by-laws were defeated. The Council then had to do the next best thing and installed the two chemical engines, which it is admitted by all who were fighting the recent fire did splendid work in saving both Messrs. Weber's and Martin's residences, which justified the purchase of these engines. However, if the larger apparatus had been installed the community might not have suffered as much as it did, which would have justified the outlay.

Mill Meeting

A meeting of the business men of the town was held on Friday night last in the Opera House for the purpose of discussing the question of assisting Mr. M. Weber in rebuilding the mill, as it is considered that the mill was a good asset to the town and district and they should do something along a monetary line to assist him.

The meeting was entirely in accord with the purpose for which it was called, but there seemed to be a division as to how the money in town should be raised, whether by private subscription or the town giving Mr. Weber a loan or making him a straight loan for some years. The matter was discussed at some length and it was finally decided that \$10,000 should be raised by private subscription.

Messrs. I. E. Liesemer and J. Stauffer were appointed a committee to canvass the town and Messrs. J. Stauffer, D. S. Shantz and Mel. Gaddes a committee to interview the Farmers Association at Wood's meeting to get their views and to see what assistance they could give in canvassing the district or in any other way.

The meeting then adjourned and a large number of those present signed the subscription list before leaving the hall. The amount subscribed at the meeting amounted to \$1,775.

Mr. Weber will give bonds amounting to \$10,000 that the mill will be built at Didsbury contingent on the amount of bonds given him.

The May Rod and Gun.

While fishing occupies prominent positions in the May number of Rod and Gun in Canada, published by W. J. Taylor, Woodstock, Ont., there is no lack of variety in articles appealing to sportsmen of all tastes appearing in this issue. Anglers who are arranging their spring outings will find ample provision for their entertainment and will revel in the stories of good fishing trips told by their fortunate brethren. Mr. Bonnycastle Dale's studies of wild ducks in Canada will interest a vast number of people, and sportsmen particularly will find their knowledge of a fine game bird much increased by a perusal of this article. Catching Kids of Mountain Goats and White Water Men of the St. Maurice are stories none should miss. Big game hunting and protective work receive much attention, while camping and mountaineering have their delights pleasantly pictured. For variety and interest the number is excellent throughout and sportsmen should see to it that a copy accompanies them on every trip.

Neapolis News

The snow last week did an immense amount of good to pasture and grain, but the gophers are getting in their work in this locality.

The Neapolis beef ring is now doing business on a large scale.

The Neapolis creamery business is increasing very rapidly nowadays, five new patrons in one day.

We are sorry to lose Mr. Jacob Reddekopp as clerk and postmaster but wish him all kinds of good luck in his new business venture, he and his brother David having purchased the stock at Sunnyslope formerly owned by Mr. Friesen.

Mrs. T. J. Shaw is acting as assistant postmaster and clerk in H. L. Reimer's store.

Bert Harding and Guy Oldham went east across the Red Deer on the 6th to look for homesteads. They expect to be gone about a week or ten days.

Neapolis is sporting a fine baseball grounds now as well as a brass band. The band boys are doing good work.

The Bethel Union Sabbath School will hold their annual picnic just east of the store on June 15th. Five other schools have been invited to join them in the picnic and help make it a grand success. A good time is promised.

Two baseball games are on the schedule as well as other sports, addresses, recitations, music, vocal and instrumental. Everybody cordially invited. The picnic will commence at 10 a.m. Bring your lunch baskets and have a good time.

Semi-Steel Fire-Pot—Not Gray Iron

A FIRE-POT of a furnace
should be able to endure
tremendous heat and to
repel the attacks of sulphur
fumes.

The material commonly used
for a fire-pot is gray iron.
The Sunshine fire-pot is Semi-
Steel.

Now, avoiding technical
terms, gray iron has what
may be called "open" pores.
Through these "open" pores
the destructive sulphur fumes
attack the iron and hasten
disintegration.

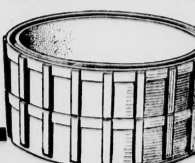

On the other hand, Semi-
Steel is a close-grained ma-

terial, with a smooth-as-glass
surface which practically seals
or "closes" up the pores. Semi-
Steel easily repels the attacks
of gas fumes and thus greatly
prolongs the life of the fire-
pot.

A Semi-Steel fire-pot weighs
20 per cent. heavier than the
same size and pattern in gray
iron. It is therefore better able
to endure tremendous heat.

Semi-Steel is made by an
exclusive McClary process.
You can only get a Semi-Steel
fire-pot with a McClary
furnace. That is one strong
reason why you should have

the Sunshine installed in your home.
Our agent in your locality will tell
you many other reasons. Ask him.
Remember, the Sunshine is
guaranteed by the largest makers
of furnaces in British Empire, to
heat your home to your entire
satisfaction.

No Discount on Taxes

The town Council met on Monday
night at the Council chamber. The
first part of the meeting the Council
sat as an adjourned Court of Revision
to finish up business left over from the
sitting of the Court on May 26th.

Mayor Atkins, Councilors Liese-
mer, St. Clair, Omond, Gool, Moyer,
Humpferger, Sec. Reed and Solicitor
Patterson were present.

The Court took up the raising of
the assessment of Mr. W. G. Liesemer
on implement stock, the Golden West
and the Alexandra hotels. Messrs.
Liesemer, Conrad and Bonanza were
present to look after their respective
interests. Mr. Liesemer's taxes were
raised \$500; Alexandra Hotel \$1000;
Golden West Hotel, \$1400. The
Court then adjourned indefinitely.

The Council then took up business
and the first strike off the list was the
question of giving a rebate on school
taxes.

As the town proper has to assess
and collect all taxes and meet the
demand of the School Board for any sum
they may require through the year and
receives nothing for the rebate on
School taxes, the Council felt that the
town should not stand for a loss of
from \$300 to \$500 besides the other
expenses of collecting these taxes every
year. The matter was discussed at
great length and it was finally decided
by motion.

Liesemer Omond—That the former
motion giving a rebate on taxes paid
in the month of October be rescinded.
Carried.

A motion was then made by
Liesemer Omond—That a rebate of
8 per cent. be given on all taxes paid
for town purposes only during the
month of October to those who pay
both school and town taxes. Lost.
Yeas 2; Nays 4.

As no other motion was made the
Mayor asked the Council if they wished
to let the matter stand as it was, and
it seemed to be the opinion that no
rebate should be given this year.

Bills and accounts were pre-
sented and ordered paid by the
Council.

The Council then adjourned.

WOMEN'S WOES

Didsbury Women are Finding
Relief at Last

It does seem that women have more than a
fair share of the aches and pains that afflict
humanity. They must "keep up," must attend
to duties, in spite of constantly aching backs,
or headache, dizzy spells, leaving down-
cast; they must stoop over when to stoop
means torture. They must walk and lead
and work with aching pains and many aches
from kidney ills. Kidneys cause more suffer-
ing than any other organ of the body. Keep
the kidneys well and health is easily main-
tained. Read of a remedy for kidney ills
that helps and cures the kidneys.

Mrs. Edward Caldwell of 123 N. Harold
street, Fort William, Ont., says:

"I suffered with dull, miserable pains,
soreness across my back and in my sides, for
months. They would catch me so badly at
times that I could scarcely move around.
The kidney secretions had also been of a
heavy color and contained a sediment. Then,
I would have dizzy spells and altogether felt
generally run down. After using a number
of remedies without finding relief, I learned
of Booth's Kidney Pills and am pleased to
say, found them an excellent remedy. They
have relieved me of the miserable pains and
soreness in my back, and have also cured me
of my other kidney trouble." For sale in
